\$150,000 Blaze Hits College Gym In Doylestown

A \$150,000 fire destroyed the Louchheim Gymnasium building on the campus of the National Agricultural College, Doylestown, early yesterday morning.

Volunteer firemen from Doylestown and Chalfont aided by some 300 students brought the blaze under control after several hours and prevented it from spreading to neighboring structures.

The blaze was discovered by Mrs. Donald Meyer, wife of the dean, when she looked from a window in her home, 150 yards from the burning building, at 1:40 a.m.

Storm Sewer Job Delayed In Croydon

Completion of Bristol Township's storm sewer pipe through Croydon has been held up through the refusal of the Philadelphia Electric company to raise gas lines which run under Cedar avenue, it was learned today.

Rudolph Kraus, township commissioner, charged that the electric company's action was "causing a great inconvenience" to Croydon residents. He pointed out that Cedar avenue, which runs through from State road to Route 13 in the community has been torn up for nearly a month waiting for completion of the storm sewer.

Thomas F. Coman, township secretary, disclosed that the company wants the township or its contractor installing the storm sewer to pay for moving the lines. The cost is estimated at \$1725.

Coman said he has turned the matter over to the township solicitor, Gilbert J. Kraus. Kraus this morning reported he wants to talk with officials of the electric company to see if the dispute can be settled. If no agreement can be reached, Gilbert Kraus said, he will appeal to the Public Utility Commission.

According to Coman the Philadelphia Electric company insists that since the state gave it the right to lay the lines it doesn't have to move them at the township's request, unless reimbursed.

Good Evening!

Veteran's Day.

With the holiday falling on Sunday the Day is getting twice as much observance. What with the world in such a chaotic condition this might be more design than accidental.

Hungarians still writing one of the bravest chapters in the history of freedom fighting. There must be a way to help without involvement in a third World War.

Russians threatening the world with "volunteers" who are being bayonetted prodded to go fight in Egypt. The Russian troops so deceived that they are looking for the Suez canal in Hungary. They think they were sent to Hungary to fight for the Egyptians.

Dag Hammarskjold demanding that UN observers be admitted to Hungary. We bet the Reds won't let in anyone until they have the country secured and are ready to put on a good show.

Egyptian situation changing by the minute. The world waiting to see whether the Russian "volunteers" will get there before the UN police force.

Census bureau reports that females now outnumber males by about 1,381,000. Ahh to be a bachelor again.

The reason for the preponderance of the ladies is attributed to the high mortality rate among the males because of the more strenuous life they lead. We tell that to our other half whenever ripe and slipper time and dishwashing hour conflict.

Eagles win one and pull out of the cellar. This is a team of rookies and should get better each game.

Only three months to go before spring training for baseball.

A woman reported the disappearance of her husband to the police. "Is there any message you wish us to give him in case we find him?" she was asked. "Yes," she said, "tell him Mother didn't come after all."

If your job is puny, and your pay is low and the glories you get are few.

Remember my friend, that the sturdy oak was once a nut like you.

Be careful.

LPRA Names Advisory Board

9 Residents To Comprise New Group

Policy And Program Assistance To Come From Members

The Levittown Public Recreation Association established an associate board of trustees recently, composed of nine Levittown residents, all active in community affairs.

The new organization will assist the LPRA to administer program and formulate policy on an advisory basis.

At its initial meeting, the associate board elected Robert Mueller, chairman, and Mrs. Evelyn McCargar, secretary.

Other members, selected by the board of trustees, are: Gordon Bretschneider, Bernard Dunn, Charles Fink, Mrs. Mary Hickey, Wentworth Kneller, Harry Leventhal, and Jay Lord.

Assistance

Although final responsibility for the community's recreation facilities and program is still vested in the LPRA's seven-member board of trustees, the associate board members will assist in all phases of LPRA work.

The LPRA is responsible for the maintenance of Levittown's extensive recreation facilities and for planning and conducting the recreation program. The facilities, valued at \$1,500,000, include five Olympic-size swimming pools with adjacent wading pools, five Little League diamonds, a major-league diamond, hard surfaced courts for basketball, handball, and other games, and playgrounds for small children.

First Element Due To Enter Tomorrow

UNITED NATIONS, N. Y.—UP—United Nations Secretary General Dag Hammarskjold announced today that Egypt had agreed to accept a U.N. police force and the first elements will arrive there tomorrow.

The move came as the U. N. raced against time to get its police force into the Suez Canal Zone before Moscow could make good on threats to send "volunteers" into the Middle East.

Hammarskjold told a news conference that he was going to the Mideast himself to see there are no loose ends in the policing arrangement.

He said he will leave New York Tuesday afternoon for Cairo and arrive there Thursday to help coordinate the UN operation.

First elements of the U. N. police force are at a staging area at Naples, Italy, ready to fly to Egypt as soon as the word is given.

Flies to Cairo

Canadian Maj. Gen. E. L. M. Burns, designated commander of the U. N. force set up to enforce the cease fire in Egypt, flew to Cairo today and conferred with Egyptian leaders on last-minute details of the plan.

Shortly afterwards, five of the 10 U. N. observers which Egypt agreed to accept before the police force arrives, reached Cairo from Jerusalem. The other five were reported en route by car from Jerusalem to Port Said.

An air raid alert was reported in Cairo this morning and anti-aircraft guns were heard a short time later in Heliopolis, a city six miles to the north. There was no information available to indicate what caused the alert.

These new moves in the Mideast crisis came shortly before the U. N. General Assembly opened its regular 1956 session against a background of bloodshed in Hungary and Russian maneuvering in the Arab world.

Fears of a third world war hung over the glassed-in wall U. N. headquarters on the East River as the delegates of 76 nations assembled. The test of the UN as a peace organization may hang in the balance.

A tenuous ceasefire was in effect in the Suez Canal Zone. The first of the UN observers are expected to fly in today. The UN police force was awaiting orders from UN headquarters to follow.

The new Communist Hungarian regime acknowledged, but withheld its decision on the U. N. request to permit an on-the-spot inquiry by UN observers. UN Secretary General Dag Hammarskjold called on Moscow for help.

An unusual number of foreign ministers were on hand for the crucial session. They included British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau. U. S. Secretary of State John Foster Dulles will not attend. He is recuperating from an operation.

President Gamal Abdel Nasser of Egypt sent his foreign minister, Mahmoud Fawzi.

Truck Hits Crash Dazed L'town Driver

Tractor Trailer Runs Down Motorist In Route 1 Accident

A Levittown driver was injured Saturday when he was struck by a tractor-trailer truck after his car collided with another car on Route 1, Pennedel.

John J. Schultz, 17, of 169 Cobalt Ridge drive, was driving north on the highway when his car hit the rear of a car driven by S. T. Carlson Jr., of Seaside Heights, N. J., State Police said.

Police said the Carlson car had stopped for a traffic light at Hulmeville avenue at the time of the collision. The impact of the crash knocked Schultz out of his car, police said, and he dazedly crossed the road into the path of a moving south-bound tractor-trailer truck driven by George C. Smith, 22, of Morrisville.

Schultz was taken to Lower Bucks County Hospital and treated for internal injuries and bruises, police said. He was released today, hospital officials said. The other drivers were unhurt.

Reporter, Held By Soviets, Tells Of Budapest Torture

By ANTHONY CAVENDISH
United Press Staff Correspondent

VIENNA—UP—The smell of death hangs over Budapest. Hunger and disease stalk the living.

More than 200,000 Soviet troops—equal to 15 full Red army divisions—hold shattered Hungary in their grip.

Yet last ditch rebels fight on against the Red invader.

When I left Budapest Thursday to bring out the story of the city's martyrdom, the bodies of freedom fighters and dead Russians still lay in its streets.

The clump of Russian artillery fire shook the ruins. Smoke rose from still burning buildings. Every now and then the crack of the rebel guerilla's rifle shot rang out, followed by the boom of Russian tank guns and the staccato rattle of Soviet tommy gunners.

In alleyways, in darkened streets and from the glassless windows of shattered buildings, the fight goes on.

It was the steel-sided tank against the sniper bullet. It was desperate youngsters who spring up as fast as others are cut down. It was the flaming bottle of gasoline against armor and big guns.

It was suicide to be a Red (Continued on Page 3, Col. 5)

2 L'town Sections Streets OK Near

The Bristol Township Board of Commissioners is expected to accept streets in the Kenwood and Junewood sections of Levittown at its monthly meeting Wednesday night.

If passed, the action will pave the way to turn on street lights in the sections. Gilbert J. Kraus, township solicitor, said today he is drawing up an ordinance which would create the necessary street lighting districts. The lighting district ordinances would come up once the commissioners accept the streets.

The highway committee met Friday night to discuss the report on core borings and analysis of the streets. The reports were favorable and the committee voted to recommend the streets be accepted.

Once the streets are accepted and the lighting districts created, the township would enter into a contract with the Philadelphia Electric Company to turn on the lights. Residents of the two sections have petitioned the township to turn the lights on.

The commissioners are unable to do this until they take title to the streets.

Bucks Congressman In Party Stranded 3 Hours Atop Boat

A post-election vacation trip Rep. Karl C. King, of Falls Township, was making by boat to Miami, Fla., ended abruptly Saturday night when the boat struck underwater pilings in Currituck Sound, south of Norfolk, Va., in the Inland Waterway. Mr. King, with his fellow passengers and crew members sat three hours on the cabin top awaiting help before a passing tugboat took them aboard.

Fogbound shortly after the rescue, the tug had to remain at anchor the rest of the night before taking the five men to the Virginia shore.

Mr. King, Republican member of the House of Representatives from Bucks and Lehigh Counties, is completing his term in Congress this year, with Willard S. Curtin, Republican, elected last

Seeing Levittown

By JIM ORT

A little love was delivered in the back seat of the Love family auto, last month. On the way to a hospital, Mrs. Robert Love, of 51 Cobalt Cross road, gave birth to a baby girl in the back of the Love car. The tot was born on Washington lane in Philadelphia, while the Loves were taking their five-year-old son, Robert, to the home of a friend. The girl, named Lori, wasn't expected until this month. The Loves moved into their Levittown home last Saturday.

With the colder weather upon us, automotive dealers and service stations in Levittown did a record business over the week-end, adding anti-freeze checked radiators. If you haven't have your car's anti-freeze checked yet, better do so right away. It doesn't seem possible, but Thanksgiving is just a few weeks away, and that's a sure sign of cold weather.

Rumors have it that construction of Levittown, N. J., will begin about the middle of next year. The new development will be located in Burlington county. At long last, Levittown has been recognized by the Gallup Poll. An interviewer is questioning Levittowners this week about television programs and TV products. tri Sheplov. It is his first appearance at the UN. Dispatches from Moscow quoted diplomatic observers as saying Sheplov will have a twin objective:

1. Attempt to assume the leadership of the Afro-Asian bloc by spearheading the attack on the "imperialist aggressors" in the Middle East.
2. Attempt to prevent any discussion or effective action by the UN in regard to Hungary.

Cars Damaged In Crashes

Two residents of the Vermilion Hill section of Levittown figured in an automobile crash at 11:30 a.m. Saturday morning on Emilie road.

Anita Gottlieb, 27, of 43 Vermilion lane, pulled out of the parking lot of the Falls Drug Company and struck a car operated by Kelson K. Bishop, 26, of 4 Viburnum lane, who was traveling west on the road, police said.

Damage to the Bishop auto was the hood and left fender, with damage to the Gottlieb vehicle listed as the left fender and headlight.

Patrolman John Lent, of the Falls Township Police investigation.

Police also reported an accident at 2:35 a.m. yesterday on U. S. Route 1, at the Tyburn road intersection.

Abbie Aichroth, 26, of 2510 North Sixth street, Philadelphia, couldn't stop in time and crashed into the rear of a car operated by Max Newfield, 56, of Brooklyn, N. Y., who was stopped for the traffic light at the intersection.

The grill, both headlights, left front fender, and radiator were damaged on the Aichroth car, and damage to the Newfield vehicle was the rear bumper and tail pipe.

There were no injuries in the mishap, which was investigated by William Kershaw.

the portion which would run under Cedar avenue.

At Cedar avenue the gas lines are in the way of the sewer pipe and will have to be raised so the sewer can be laid.

Work on the 1300-foot sewer line was started last summer. The work is being done by the Luther Mason Construction company at a cost of about \$44,000. The line will drain a large portion of the lower end of the township.

Kraus said Cedar avenue was dug up several weeks ago so the Bristol Water company and the electric company could move their lines before the sewer pipe was laid. The water mains have been moved, Kraus added, and now the township is waiting for the electric company.

"I think something should be done—and fast—about this situation," the commissioner said.

"The electric company always gives us trouble when we want to do this type work. Now people have had to make a detour from one of the busiest streets in the area for nearly a month. In addition there is the danger that somebody might fall in the ditch."

Conference Set By Gray Ladies

A Gray Lady conference and Training Day program will take place at the Warren P. Snyder Elementary school, Bristol, Friday. It has been announced by the Lower Bucks County Chapter of American Red Cross.

Registration will open at 9:30 a.m.

The conference will open at 10 a.m. and continue to 3 p.m. There will be addresses held by Dr. Daniel T. Erhard, of Lower Bucks County hospital; and members of the American National Red Cross Recreational program.

Interested women are welcome to attend.

Penndel Vicinity To Get Surplus
Food will be distributed Thursday from 10 a.m. to 3 p.m. in Penndel and surrounding areas under the government's surplus food program.

More than 100 Bucks County residents have signed up for emergency rations under the program.

Food available for distribution includes: corn meal, flour, dried milk, rice, cheese and beans, according to Oscar Booz, director of the food program in the county.

About 95 per cent of the applicants are members of families affected by a strike at the Budd Co.'s Red Lion plant, Mr. Booz said.

Anyone who feels they are eligible for food distribution under the program and wants to apply for distribution, can contact the Doylestown office at DO-2686, extension 5, Mr. Booz said.

S'hamp'ton Group To Elect Officers

The women's auxiliary of the Southampton Fire Company will elect officers at a meeting tomorrow night in the basement of the Good Shepherd Lutheran Church, Street and Churchville roads.

Auxiliary officials have urged all members to attend the session, which gets underway at 8:15 p.m.

Nominees are Helen Krewson and Mary Grams, president; Janet Eddleman and Margaret Fletcher, vice president; Doris Hawkins and Beth Rhoades, secretary; Helen Barcalow, treasurer; and Dorothy Allen, board of governors.

Eagles, Phils Stars to Talk At Meetings

Optimist Week begins today, Veterans' Day.

The Optimist Club of Lower Bucks, Feasterville, Yardley-Makefield, and Fairless Hills, works under a mutual creed, a creed of optimism. The club's principal purpose is to help the youth of our nation grow into mature adults.

The Feasterville club, in its third year of operation, has approximately 39 members. Under the leadership of President James J. Shaffer, the club feels its primary purpose is to "create and keep a feeling of optimism in the township," Mr. Shaffer said.

Other officers of the club include: Norman Dash, secretary; Ed Nagle, treasurer; and William Chalfont, boys' work chairman.

The club meets at the Buck Hotel, Feasterville every first and third Tuesday. Some of its past activities have included the sponsorship of five baseball teams. Three of the teams won championships in their leagues. Mr. Shaffer said, and four boys on the teams played on an all-star team in a game at Connie Mack Stadium, Philadelphia.

Award Plaques
The club plans a dinner meeting tomorrow night at the Buck Hotel to present plaques and other awards to 15 boys and their managers who played on the teams. Speakers at the meeting will be Curt Simmons of the Philadelphia Phillies and Tommy Scott of the Philadelphia Eagles. The meeting begins at 7 p.m.

The Yardley-Makefield club boasts 40 members. The club is in its fourth year. Andrew J. nell is secretary-treasurer; Pete Campbell is vice president; and Andrew Keefe, is boys' work chairman.

The club meets on alternate Wednesdays at the Washington Crossing Inn. Past activities of the club have included: sponsorship of the fishing contest for youths of the area, sponsored Little League teams and an umpire for the games; Christmas parties, and a Christmas lighting contest and family nights.

Mr. Cochran said that the club is planning an oratorical contest for youths in the near future.

Highlights
One of the highlights of the year was a presentation of an International Award to Paul Conly French, former director of CARE, for promoting human relations around the world.

The Lower Bucks Club, slightly over a year old, has 30 members. President Irvin Schwerin said the club has been active in a bicycle safety campaign, co-sponsored the orange-crate derby last summer, and is currently sponsoring the Lower Bucks Junior Optimist Bowling League. The league sports about 200 boys, he said.

The club has two vice presidents, Robert O. Warwick and Edward Smith. Secretary-treasurer is Bill Wickert and Boys' Work Chairman is David Weisen, Jr.

The club meets Thursdays at Flannery's Restaurant. The Fairless Hills club is brand new. It will receive its charter Saturday night at a dinner-dance at Pennsbury Inn with the other three clubs participating in the ceremonies.

Officers for the new club include: President Franklin Kirby; vice presidents, James O'Donnell; John Dow; and John Kalapos; Secretary: John Gillie; Corresponding Secretary, Edward Kirkley; Treasurer, Charles Rollison; and Sgt.-at-Arms, John Rock.

Mr. Kirby said that the club has already started a bowling league in Fairless Hills and has plans for archery and hobby groups as well as a rifle team.

The club meets every second and fourth Monday at the Mill Gate Restaurant.

likely choice by many of the rebels.

Premier Janos Kadar even hinted he might bring Imre Nagy back into the government to try to win support from the Hungarian people who have suffered between 12,000 and 20,000 dead in their fight for freedom.

Bank Names Moyer To Official Post

C. Donald Moyer has been named the intended assistant vice president, in charge of operations, Bucks County offices of The Phil-

C. Donald Moyer, intended assistant vice president of The Philadelphia National Bank. The appointment becomes effective tomorrow.

Subject to final approval of the Comptroller of the Currency, The Delaware Valley Bank & Trust Company and The Philadelphia National Bank plan to merge under the latter's name and charter on the above date. The five offices of the Delaware Valley Bank located in Bristol, Levittown, Midway, Southampton and Yardley — would become Bucks County offices of PNB.

Moyer began his banking career with the Bristol Trust Company in 1925.

He attended Pierce School of Business Administration and the University of Pennsylvania's School of Finance. He is a member of the Economy League, eastern division, Pa. and is a trustee of the Bristol Y.M.C.A.

Married, Moyer and his wife reside on North Radcliffe Street, Bristol. They have 2 children.

a hole in her bottom, at about 5:45 p.m.

"The boat began settling in the water promptly, with a heavy list to the port side. A quick check indicated water depth as about eight feet.

"This allayed the fear of complete submersion of the craft, but necessitated quick work in moving luggage and valuable supplies to the high side of the cabin top.

"Radio calls for rescue were promptly made," the congressman reported, "but no answers came before the radio position had to be abandoned because of flooding. Distress flares were lighted, but they burned only a half hour, Yelling was of no avail, because the nearest mainland was a mile away.

Cold Night
"The hand fog horn, blown by lung power, sounded like a duck call, and only the wild ducks in the bay responded.

"Saturday night was cold," Mr. King said, "and the prospect of clinging to the high side of the sunken boat throughout the night was not conducive to the spirit of vacation. Life jackets and a couple of dry blankets gave some comfort, but no one felt like playing gin rummy.

"After a couple of hours our spirits rose with the sighting of a roving spot light, indicating the approach of a possible rescue. It seemed an hour, but within 30 minutes the tug Carolina, with a barge load of paper, was in the channel alongside inquiring as to whether we could use a life boat.

"There was no question about abandoning ship, so we were soon having coffee with Captain W. H. Watson, of the Norfolk, Baltimore and Charleston line.

"Thirty minutes after we boarded the boat, fog closed in on the area so that all traffic ceased. After waiting all night at anchor, we were delivered yesterday morning to the U. S. Coast Guard Station at Greatbridge, Va.

Aboard the ill-fated Lucky with Mr. King and Mr. Bailey were Walter Brown, of Murfreesboro, N. C., associated with Mr. Bailey in the package firm, and Harry Smith, captain and William Wessels, mate, of Millville, N. J.

TEA CANCELLED

The tea planned by the Bristol Borough PTA for the Bristol teachers and home room representatives for tomorrow afternoon, has been cancelled.

No landlubber, Mr. King has a speedboat at his summer cabin on the Warner Lakes. He said he will return home this week, then plan to resume the Florida cruise when the boat is repaired.

Boy Playing With Door Causes Crash

Five persons were injured yesterday morning in three Bristol Township automobile accidents.

A four-year-old boy playing with the door handle in the car he was riding in brought about one accident in which he and two others were injured.

Nancy Martinsen, 16, of 2365 Dixon avenue, Croydon, was driving west on the Route 13 bridge over the Neshaminy Creek when she saw her brother, Andrew, grab the door handle. She reached over to pull him away and the car swerved into another one operated by Harry Bell, 53, of 940 Scattergood street, Philadelphia.

All three were taken to Lower Bucks County hospital. Nancy suffered lacerations of the chin and right knee, Andrew a bruise on the back of his head and Bell was admitted with a recurrence of a spine injury.

Two Bristol men were slightly injured in a crash at Green lane and Fleetwing drive 12:05 a.m. yesterday. James Chislum, 23, and Joseph Zigler, 24, both of 444-Pond street, Bristol, were treated for lacerations of the face.

Chislum was driving a car which crashed into the rear of another operated by William Abate, 35, of 59 Macintosh road, Mill Creek, Levittown.

In the third accident a car driven by William Beecher, Main street, Newportville, crashed into the rear of automobile driven by William Nolan, 29, of Bristol RD 3, on Newportville road near the Pennsylvania Turnpike bridge at 2:30 a.m.

Nolan had stopped to permit a third car to make a "U" turn police reported. No one was injured.

school's college weekend festivities had ended at midnight.

He added that a maintenance superintendent had checked the building at 12:20 a.m. and found nothing wrong.

The ruined gymnasium and field house was erected in 1926, and since then had been the scene of thousands of basketball games and other events, including flower and farm produce shows.

Works said the board of trustees met yesterday and instructed the executive committee to formulate plans for a new structure.

Practice for the college's 18-game basketball schedule was to have started in the building this morning. The president announced that most of the games have been rescheduled for Central Bucks High School, Doylestown, and practice might also be held there.
